

## Activity sheet

### Football scores level 1

#### Introduction:

We can use bar charts to present data in a clear way. Can you create some bar charts to show some scores from Premier League matches?

#### Instructions:

- Use the tables from each match to draw a bar chart showing how many goals each team scored.
- Use the checklist to make sure you have remembered everything.

#### Checklist:

- ☐ I have drawn my bars with a ruler.
- ☐ I have labelled my axes.
- ☐ I have labelled the bars.
- ☐ I have written the scale on the vertical axis.
- ☐ I have given my chart a title.

1.

Manchester City	2
Burnley	1
